Technical drawing

7×7

Dimensions in mm unless stated otherwise. Illustrative drawing, not to scale. Indicative source data; confirm the configuration in the enquiry. Ø: rope outside diameter. Construction 7×7; wire rope grade 1570 N/mm². Weight per 100 m; spool length in metres. Drawing shows construction, not individual wire diameters. Do not use these articles for lifting equipment, slings, load support or fall-protection systems. Breaking loads are not working loads.
