Square key for cabinet latch

Zinc-alloy key with square drive for cabinet latches. Check the drive size and compatibility with the lock before ordering.

Material

ZAMA

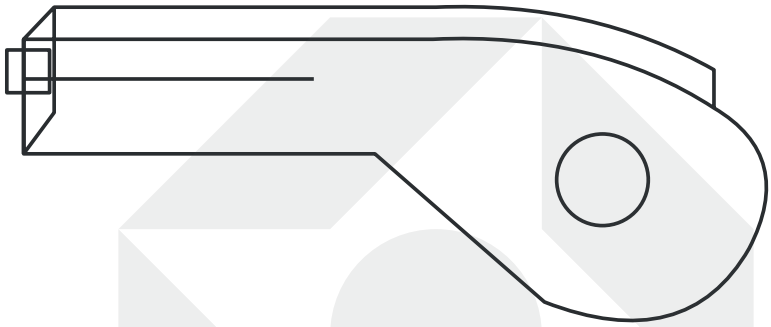

Variants and dimensions

Type	Material	Drive	Dimensions
1	ZAMA	Square	To be confirmed

The source sheet provides no dimensions. Identify the mating latch and request confirmation of the square drive size.

Configuration 1

Illustrative drawing, not to scale; dimensions require confirmation. Un-dimensioned identification drawing. The source identifies a zinc-alloy key with square drive but gives no drive size, length or thickness: confirm these dimensions and compatibility with the cabinet latch in the enquiry.
