U-bolt wire rope clips

U-bolt wire rope clips in AISI 316 stainless steel. Compare rope diameter, dimensions and configurations in the table.

Material

AISI 316 / A4

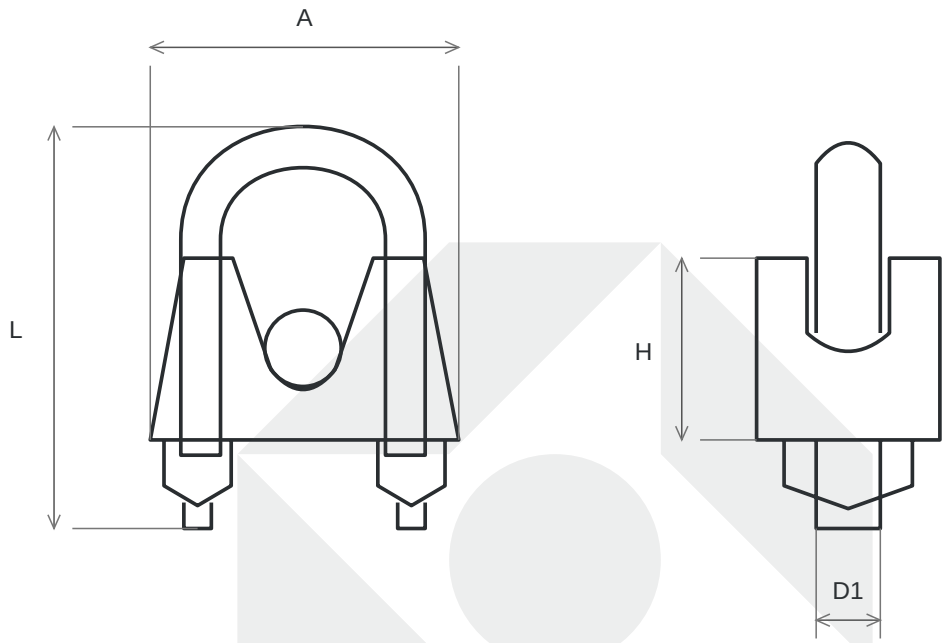

Variants and dimensions

Rope Ø (mm)	L (mm)	A (mm)	D1 thread	H (mm)
2	18	15,5	M3	9,7
3	19	17,5	M3	10,7
4	22	21	M4	13
5	28	24,5	M5	14,5
6	34	27,5	M6	16,5
8	38	30,5	M6	19,5
10	45	37,5	M8	22,5
13	56	46,5	M10	25
19	85	61,5	M12	37,5

Indicative dimensions, subject to production variations. The table does not establish a load rating for the clamp or assembly.

Technical drawing

Dimensions in mm, except metric thread M. Illustrative drawing, not to scale. Confirm dimensions and configuration in the enquiry. L: overall height; A: base width; D1: metric thread; H: saddle height, excluding nut and projecting threaded end. Similar to DIN 741; not suitable for lifting. Verify clip count, installation and tightening for the intended termination: size alone does not define connection strength.
