Duplex wire rope clips

Duplex wire rope clips in AISI 316 stainless steel. Compare rope diameter, dimensions and configurations in the table.

Material

AISI 316 / A4

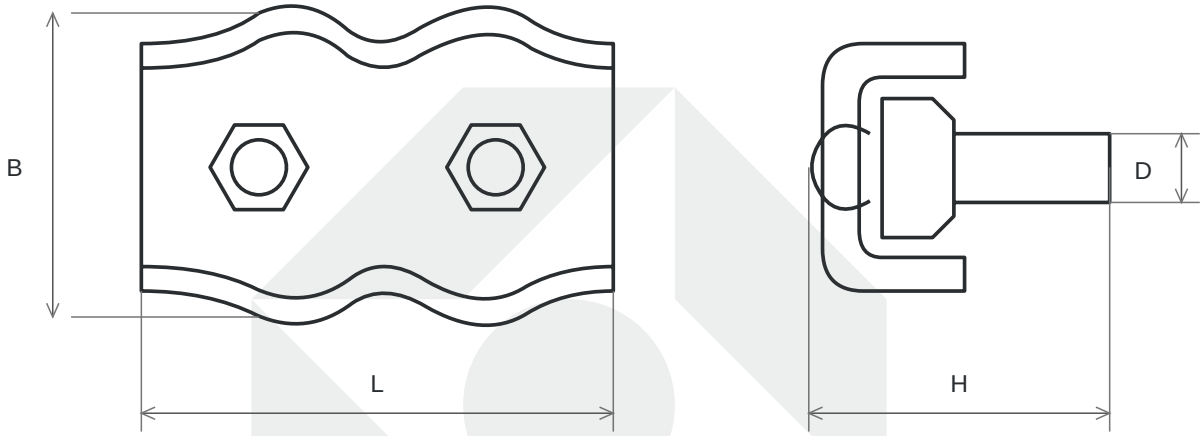

Variants and dimensions

Rope Ø (mm)	B (mm)	D thread	H (mm)	L (mm)
2	12	M4	14	30
3	14	M4	14	36
4	18	M5	19	40
5	20	M5	19	50
6	24	M6	23	60
8	30	M8	29	72
10	35	M10	32	90

Indicative dimensions, subject to production variations. The table does not establish a load rating for the clamp or assembly.

Technical drawing

Dimensions in mm, except metric thread M. Illustrative drawing, not to scale. Confirm dimensions and configuration in the enquiry. B: body width; L: body length; D: metric thread; H: overall side-view projection, including the stud tip. Twin-stud configuration. Not for lifting or fall-protection systems.
