Cylindrical wire rope shelf collars

Cylindrical wire rope shelf collars in AISI 316 stainless steel. Compare rope diameter, dimensions and configurations in the table.

Material

AISI 316 / A4

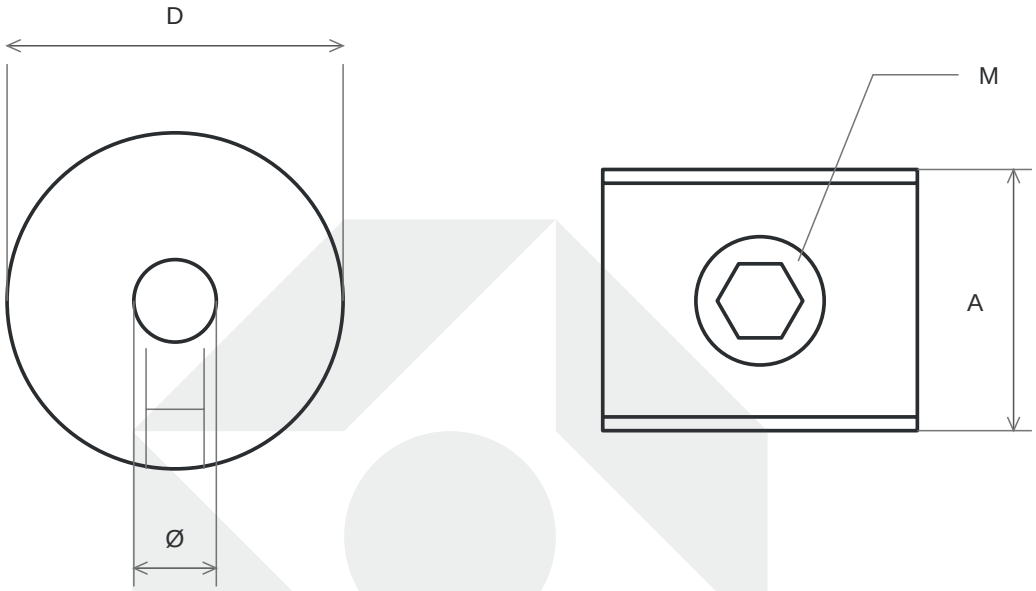

Variants and dimensions

Rope Ø (mm)	D (mm)	A (mm)	M set screw
2	10	8	M4
3	15	12	M8
4	15	12	M8
5	20	15	M10
6	20	15	M10

Indicative dimensions, subject to production variations. The table does not establish a load rating for the clamp or assembly.

Technical drawing

Dimensions in mm, except metric thread M. Illustrative drawing, not to scale. Confirm dimensions and configuration in the enquiry. Ø: rope diameter; D: outside diameter; A: collar height; M: transverse set-screw thread. The shelf-collar designation is not a load rating: size the complete system for its intended application.
